DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Election/Restrictions

2. Applicant's election of claims 14-18 in the reply filed on 8/15/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

3. This application contains claims 1-13 drawn to an invention nonelected without traverse in Paper filed 8/15/2005. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Objections

4. Examiner is unclear exactly what "thickened internal taper" means, (thickened with respect to what?), but based on the specification and drawings, examiner believes and suggests that applicant amend claim 1, line 8 to insert --projection that projects into the hollow cylinder and tapers such that the hollow cylinder sleeve body is thickest at the farthest inner end-- immediately after "internal taper" so that the taper is clear. If this is not what applicant intends, then examiner will provide a new office action as best understood.

Claim 16, line 1, "claim15" should be changed to --claim 15--.

Claim 18, line 2, "aid" has been changed to --said--.

Art Unit: 3677

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
